

APPX Training/ Conference Amsterdam

Cansys West International Ltd

Where?

NH Amsterdam Centre
Stadhouderskade 7, 1054ES, Amsterdam

When?

June 17-19, 2015

Please join us for an APPX training course & Conference!

Wednesday, June 17, 8:30 - 17:30

Release 5.1/5.2/5.3/5.4 Features

Students will work through a variety of exercises using Tables, Drag & Drop, HTML Editor, using the new APIs and more. An incomplete application will be used as a starting point, and the students will gradually enhance it using the new techniques and tools.

Thursday, June 18, Morning 8:30 - 12:00

Release 5.1/5.2/5.3/5.4 Features

This is a continuation of the previous day's session, including topics such as generating subroutines via ILF, making your applications more responsive by using the new GUI triggers, new client sizing options, taking advantage of increased file sizes, dynamically entering debug mode or cancelling a process, using the new XML importer application and more. As with Wednesday's session, the students will work with the provided application.

Thursday, June 18 Afternoon 13:00 - 17:30

Release 5.4 HTML Client

The afternoon session will focus on installing and configuring the new HTML client (Release 5.4). Students will also learn how to change the look of the HTML client by changing the CSS and how to embed the HTML client into an existing web page.

Thursday, June 18, 18:00 - 20:00

Reception

Join us for drinks and snacks and an opportunity to meet other APPX customers and Resellers in a relaxed setting.

Friday, June 18, 8:30 - 12:00

Conference

Join us on Friday morning for an update us on the latest events and projects at ASI. We'll also have time for some Customer & VAR presentations on interesting APPX projects. At the end of the morning, we'll have a roundtable discussion of the changes you would like to see in the APPX development and runtime environments, so bring your ideas!

Please see Registration Form for Hotel Reservation Information

We look forward to seeing you there! For more information, please contact
