*When?*

**February 25-26, 2015**

*Price?*

**$1,000 USD**

**Please join us next February in Panama City for a 2 day training course!**

**Wednesday, Feb 25, 8:30 - 17:30          Release 5.1/5.2/5.3/5.4 Features**
Students will work through a variety of exercises using Tables, Drag & Drop, HTML Editor, using the new API's and more. An incomplete application will be used as a starting point, and the students will gradually enhance it using the new techniques and tools.

**Thursday, Feb 26, Morning 8:30 - 12:00          Release 5.1/5.2/5.3/5.4 Features**
This is a continuation of the previous day's session, including topics such as generating subroutines via ILF, making your applications more responsive by using the new GUI triggers, new client sizing options, taking advantage of increased file sizes, dynamically entering debug mode or cancelling a process, using the new XML importer application and more. As with Wednesday's session, the students will work with the provided application.

**Thursday, Feb 26, Afternoon 13:00 - 17:30          Release 5.4 HTML Client**
The afternoon session will focus on installing and configuring the new HTML client (Release 5.4.0). Students will also learn how to change the look of the HTML client by changing the CSS and how to embed the HTML client into an existing web page.

**Thursday, Feb 26, 17:30 - 19:30          Poolside Reception**
Join us by the pool for drinks and snacks and an opportunity to meet other APPX customers and Resellers in a relaxed setting.
